Sanitas Medical Center

# Master the mySanitas app:
# Create your account in just 4 steps

## Step 1:
## Get started

Download the mySanitas app and tap ***Create Account.***

Select your state and tell us if you've visited a Sanitas Medical Center before.

## Step 2: Enter your information

**If you've visited Sanitas before:**
Enter your Sanitas account number and date of birth.

**If you're new to Sanitas:**
Enter your Name, date of birth, gender, and insurance information.

**Don't know your account number?**
Tap ***I don't know my Sanitas account number*** to enter your information manually.

## Step 3:
## Set up your account

Enter a valid email and mobile number, create a secure password, and accept the required terms and privacy policies.

## Step 4:
## Verify your identity

Choose to receive a 6-digit code via text or email. Enter the code in the app to complete your account setup.

***Complete your registration and skip the clipboards***

- Fill out the Patient Registration Form in the app to keep your personal information up to date.
- Select your preferred pharmacy and electronically sign all the required digital consents.

**Completing your registration and signing the forms in the app automatically uploads them to our clinical system. You won't have to sign them again at the medical center.**
