It's time to take the pain out of health care.

Sanitas Medical Centers offer comprehensive health care that goes beyond doctor appointments, tests and medications. We care for you like family—head-to-toe, inside and out.

Services you need, all in one place

Our state-of-the-art medical centers offer one-stop care for all generations—children, adults and seniors. That means less time spent running from doctor to doctor to get care for your entire family.

- Primary and urgent care
- Telehealth appointments
- Specialty services and care coordination
- Lab work, imaging and more

We're in your neighborhood

With so many locations and extended hours, we make it convenient to get care on your time. And when you can't get in to see us, you can schedule a telehealth visit with a Sanitas care team member.

Making care matter

There is a difference in where you choose to go for care. The quality, trust, compassion and understanding that you're looking for is at Sanitas. Our doctors, nurses, health coaches, nutritionists and clinical social workers take all the time you need.
