

## FINANCIAL POLICY

The doctors and the healthcare providers of Sanitas charge fees for the care provided to you. The fees may not be exactly the same as the estimate given. This includes any deductibles and coinsurances.

Copays are due at time of service. You are also responsible for any deductibles and coinsurances on your insurance plan.

In the event your health insurance company does not pay the full amount of fees charged by Sanitas, you (patient or responsible party) would have to pay Sanitas for the cost of care not paid by the health insurance company. **This also applies for patients within their grace period.**

If the insurance information provided to Sanitas is not correct, you may have to pay the fees for your care.

If you do not have health insurance, then you will have to pay the fees for the medical services provided.

Medicare will only pay for the care that is acceptable and needed under section 19862(a)(1) of the Medicare Law. By signing below, you certify the facts you have given to Sanitas for payment under Title XVIII and XIX of the Social Security Act are correct.

Sanitas can bill my health insurance company for my care. Payments will be made to Sanitas on my behalf.
