# A new way of health care for our patients and their families

## Convenient Health Care

- Same-week appointments
- Urgent care walk-ins with extended hours and weekends
- Same-day onsite labs, x-rays and other diagnostic tests

## Personalized Health Care

- Carefully listening to our patients' needs is at the heart of everything we do
- We spend more time with our patients—to get to know them and earn their trust
- We take the time needed to tailor and explain their treatment plan

## Coordinated Health Care

- Whether our patients come for urgent care or primary care, they see the same team of professionals every time
- Our patients' medical history in one place, so they always get care that's accurate and seamless
- We also coordinate care with other specialists and hospitals to manage their overall health

# Sanitas centers services: one place for all everyday health needs

## Primary Care

Primary Care Doctors who provide comprehensive care for the entire family—from infants to seniors. Includes: Family Medicine, Internal Medicine, Pediatrics and Gynecology.

## Specialty Care

As we grow, we add high demand specialists including: Cardiology, Gastroenterology, Endocrinology, Orthopedics, Dermatology, Ophthalmology, Radiology and Podiatry.

## Urgent Care Walk-Ins

Urgent care facility to treat a wide range of illnesses, injuries, and common conditions. Specially equipped with observation beds to prevent unnecessary visits to the ER.

## Lab & Diagnostic Imaging

Onsite lab and diagnostic imaging to help our medical team diagnose and treat diseases or conditions quickly and effectively. Includes: x-rays, ultrasound, electrocardiogram and more.

## Health Programs

Several health programs to keep our patients healthy or manage a particular disease such as Diabetes, Chronic Obstructive Pulmonary Disease (COPD), Hypertension and more.

# Meet some of our team members putting care and relationships first

**Teresa B. Bravo, M.D.**  
Family Medicine

I decided to join Sanitas because I share the belief that comprehensive primary care is how to keep patients and communities healthy.

**Adriana Higuera Florez, M.D.**  
Family Medicine

I enjoy interacting with my patients—getting close to them and showing how they can live better and improve their own health.

**Aaron Pascual, M.D.**  
Family Medicine

I get to make a difference and be part of my patients' lives. It's not about the quantity but rather the quality of the care I provide.

**Andrew Granas, M.D.**  
Family Medicine

We treat each and every patient like they are a part of our family. We will do everything possible to make you feel comfortable, address your needs and keep you healthy.

**Jennifer Mitchell, M.D.**  
Family Medicine

The biggest reward of being a doctor comes from seeing my patients smile and knowing I've made a difference in at least one person's life.

**Puneet Babbar, M.D.**  
Family Medicine

Whenever I can connect with a patient as a teacher, partner and friend, I feel that I have fulfilled my duties.

# Creating a more personal experience for our patients and their families

**Alicia M. Dodson, M.D.**  
Pediatrician

Being a pediatrician is a wonderful opportunity to work with parents and children, coaching them to form lifelong healthy habits.

**Patricia Colmenares, ARNP**  
Family Nurse Practitioner

I strive to provide the highest quality of care ensuring my patients get a care experience that completely exceeds their expectations.

**Thomas Rinaldi, M.D.**  
Internal Medicine

A good day at work for me is being able to walk away knowing I positively impacted a patient's life in unexpected ways.

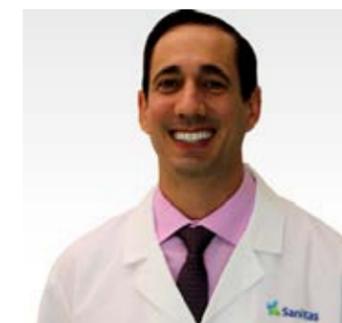

**Rashi Sharma, M.D.**  
Internal Medicine

The most rewarding days at work are when I can relate to my patients on a personal level—when they feel like our relationship extends beyond their ailments, to share their life and experiences.

**Juan Carlos Zarza, M.D.**  
Family Medicine

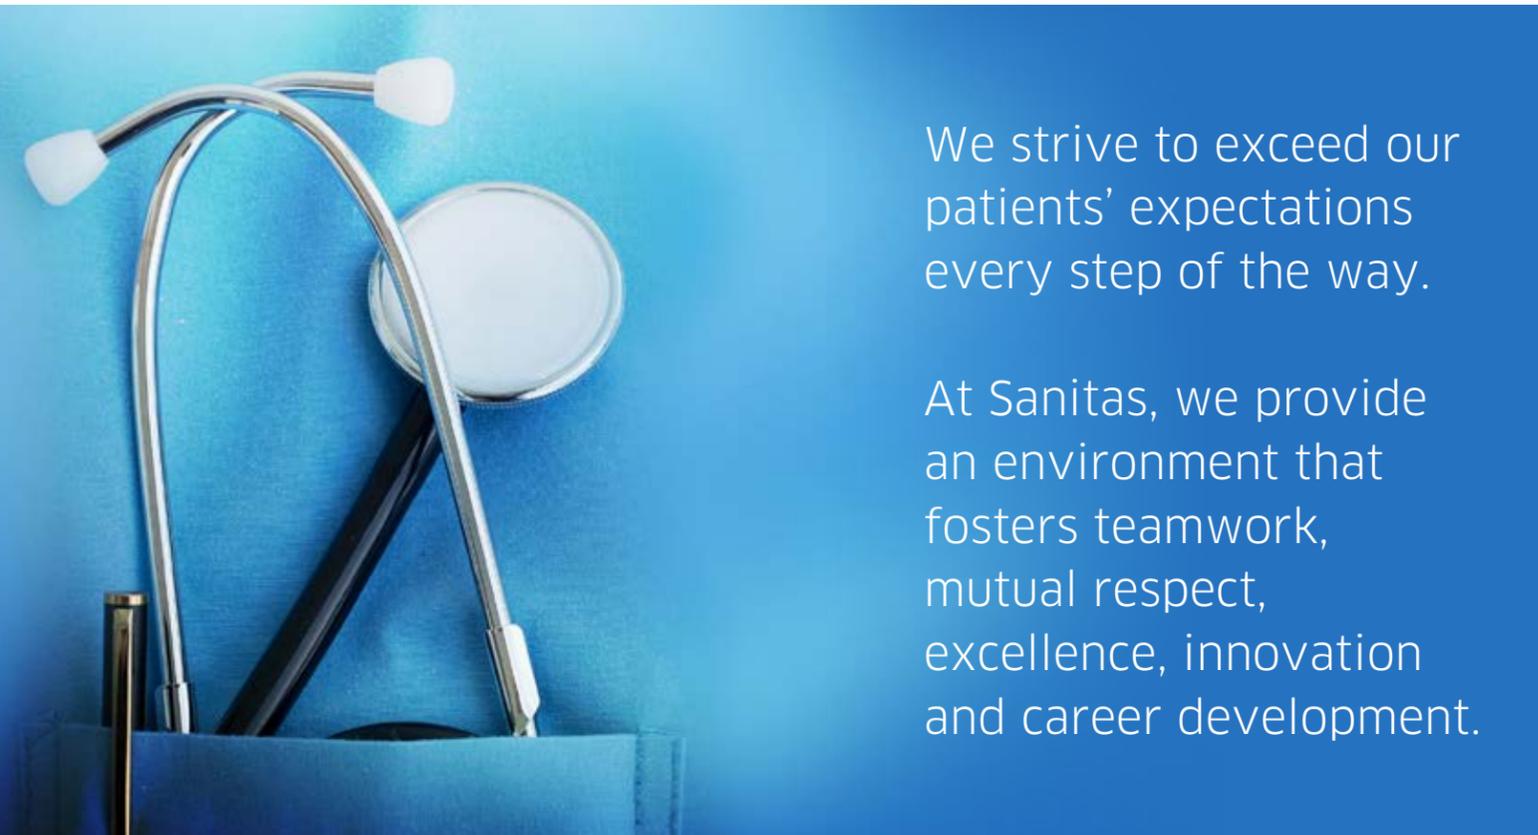

A good day at work for me is any day I can make some sort of change, no matter how big or small, in a patient's life for the better.

**Michael McNett, M.D.**  
Family Medicine

I love to have a comprehensive understanding of my patients' health, and offer insightful, personal guidance and treatment.
